July 20, 2017

TO: Toyota Parts and Service Managers

SUBJECT: Spare Tire for MY16 & MY17 Prius

For MY16 & MY17 Prius models that come with a flat tire repair kit, instead of a spare tire, please use the part numbers below to add a spare tire **only if the customers would like to have one in the vehicle.**

This PANT bulletin should only be considered at the request of a customer, post-sale of the vehicle, and cannot be used to add a spare tire to a Prius that has not been sold.

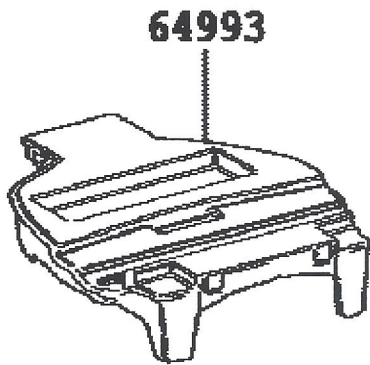

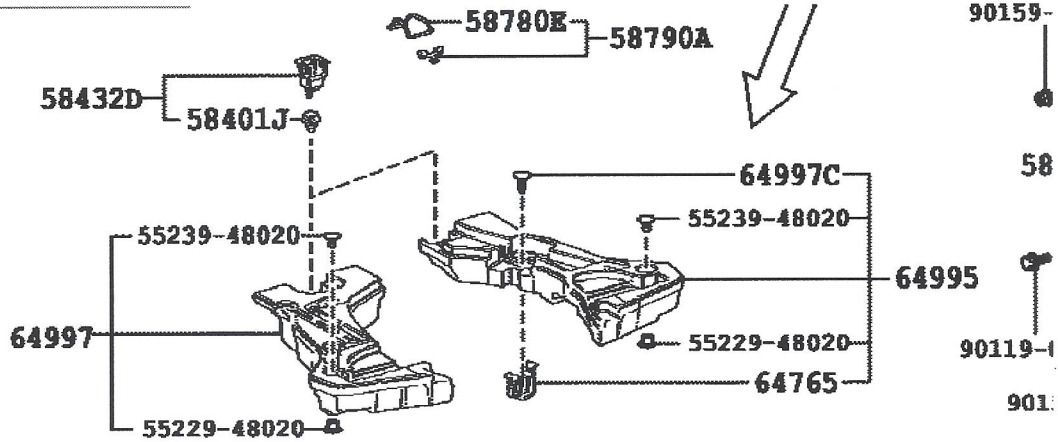

All the parts, with the exception of the tire, can be purchased through Toyota. The tire will need to be sourced from your tire supplier.
