ENTUNE APP SUITE FEATURES 24

LIMITATIONS OF THE QUICK REFERENCE GUIDE

The Quick Reference Guide is designed to provide information on the basic operation and key features of the navigation system and Entune™. The Quick Reference Guide is not intended as a substitute for the Navigation Owner's Manual. We strongly encourage you to review the Navigation Owner's Manual, the quick reference guide and visit www.toyota.com/entune so you will have a better understanding of all your vehicles features and controls.

BASIC MAP OPERATION

* NOTE: The position of AUDIO and HOME buttons may be different on some vehicles.

1. **NORTH-UP OR COMPASS MODE Icon**
   Touch to change the map display between North-up or Head-up perspectives.
2. **ZOOM IN/ZOOM OUT Icons**
   Touch to magnify or reduce the map scale.
3. **HOME Button**
   Access to Navigation Screen
4. **APPS Button**
   Access to APPS, Entune (Bing, MovieTickets, OpenTable, etc...) fuel consumption, traffic, fuel prices, sports, stocks, weather, and map data.
5. **AUDIO Button**
   Access to audio functions.
6. **CURRENT VEHICLE POSITION Mark**
   Indicates the current position of the vehicle and its directional heading.

Quick Tip – The USB and AUX port location and design are different depending on the vehicle. For details, see the Owner's Manual.

PLEASE READ

WHAT IS ENTUNE® APP SUITE?

The available Entune App Suite system is a collection of popular mobile applications and data services integrated with select 2015 Toyota vehicles. Entune App Suite is subscription free.

Once the phone is connected to the vehicle using Bluetooth® wireless technology, Entune's App Suite features are operated using the vehicle's controls or, for some services, by voice recognition. Entune App Suite includes mobile apps for Bing™, iHeartRadio, MovieTickets.com, OpenTable®, Pandora®, Facebook Places and Yelp. Data services include Fuel Guide, Sports, Stocks, Traffic and Weather.

See www.toyota.com/entune for availability of apps and services.

ENTUNE APP SUITE*

In order to access Entune App Suite applications from your vehicle's touch screen, an Entune App Suite compatible phone, the Entune mobile application and Entune App Suite are required. Use your smartphone to download the Entune mobile application from the appropriate app store and register via the mobile application. You may also register for Entune App Suite through myentune.com and visit www.toyota.com/entune to learn more about the Entune App Suite.

PHONE COMPATIBILITY

An Entune App Suite compatible phone is required to use the additional features. Check phone compatibility by one of the following methods:

- Visit: www.toyota.com/connect
- Call the Toyota Customer Experience Center at 1–800–331–4331

Note: You do not need an Entune App Suite compatible phone to use Bluetooth® hands–free, Bluetooth audio or the navigation system. To connect a Bluetooth Phone, refer to page 7.

*Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Select Entune App Suite use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available at all times and all locations. Apps identified by "™" or "®" are trademarks or registered trademarks of their respective companies and cannot be used without permission. See toyota.com/entune for the latest information regarding apps and services.

entune App Suite - HOW TO GET STARTED

BASIC OVERVIEW

	Step	Reference	
Phone Compatibility	**1** Confirm that your phone is able to run the Entune App.	Go to "PHONE COMPATIBILITY" on page 4.	
Download App	**2** Download the Entune App to your phone.	Using your cell phone, find the Entune App in the Apple App Store™ or Google Play™.	
Account Creation	**3** Enroll via your mobile device or register on www.myentune.com and create a personal Entune App account using your computer.	Go to "ACCOUNT CREATION" on page 6.	
Launch App and Login	**4** Launch the Entune App on your phone and sign in.	The Entune App must be running on the mobile device in order to use the internet services.	
Connect	**5** Connect your phone to your vehicle via Bluetooth®, and experience Entune App.	Go to "CONNECT A BLUETOOTH PHONE" on page 7.	

entune App Suite - NEW CUSTOMER REGISTRATION

ACCOUNT CREATION

step 1 From a mobile device (Entune App) or a computer, access www.myentune.com

step 2 From a mobile device, click "Sign Up for Entune," or from a computer, click on the Register button on the right hand side of the screen.

step 3 Create your Entune App account.

step 4 Follow the easy steps to complete your account.

DOWNLOADING ENTUNE APP SUITE TO YOUR PHONE

Using your cell phone, connect to your app store (Apple App Store℠, Google Play™), search for Entune and download. Contact your mobile device provider if you need assistance.

LAUNCH APP

In order to view the Entune App Suite on your vehicle display, some phones may require an additional step after they have been connected. After connecting through Bluetooth and signing in, launch the Entune app to ensure the phone is connected and running the app.

CONNECT PHONE

See page 7 for instructions.

ACCESSING ENTUNE APPS

step 1 Press the APPS button on the faceplate.

step 2 Use or or swipe with your finger to access the additional Apps

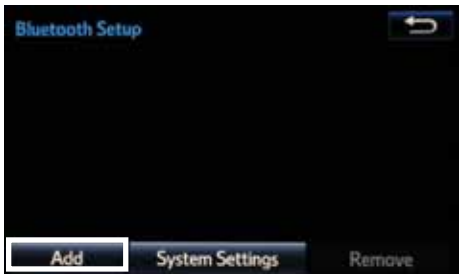
The Entune App contains only the included applications that will work with your vehicle. Other apps downloaded on your phone are not available through Entune.

Quick Tip – The Entune App must be running on the mobile device in order to use the internet services.

CONNECT A BLUETOOTH PHONE

Pairing your phone is the first step in connecting with your Toyota for hands–free calling and for audio streaming via Bluetooth. The pairing process is quick and easy: all iPhone mobile digital devices and Android smartphones have Bluetooth integrated; all you have to do is setup the phone and multimedia system to "talk" to each other and form a connection. Let's get started, first insure that your phone Bluetooth setting is turned on, then follow the steps below.

step 1 Begin by pressing the APPS button APPS and touch the Set Up icon on the faceplate, followed by Bluetooth.



step 2 Press Add on the display screen.

step 3 Go to your phone and access Bluetooth settings, touch the device to be paired. Confirm the PIN and hit "OK." Once you have connected the Bluetooth device, it is automatically connected whenever the engine switch is in the “ACC” or “ON” position.*

step 4 Upon connection, the system will indicate that the pairing process was successful.

Quick Tip –Up to four Bluetooth devices can be paired. A paired device can be connected to any of its supported profiles such as phone, music and/or internet.

* For detailed pairing instructions, see your audio system owner’s manual.

ADVANCED VOICE RECOGNITION SYSTEM

VOICE RECOGNITION TRAINING AND TUTORIAL

Before you begin using the voice recognition system, it is recommended that you access "Train Voice Recognition" and "Voice Recognition Tutorial" in the Set Up menu. Voice recognition training is a feature that will help train the voice recognition system to better understand your voice. For best results, it is recommended that voice recognition training be done when there is minimal background noise. The voice recognition tutorial will give an overview of how to use the voice recognition system, including how to make calls and how to customize your experience.

TRAIN VOICE RECOGNITION

step 1 Press the Set Up icon on the faceplate followed by Voice.

Then select Train Voice Recognition

step 2 Follow the system prompts and repeat a series of phrases after each beep. You will also be able to select the desired level of system guidance.

VOICE RECOGNITION TUTORIAL

step 1 Press the Set Up icon on the faceplate followed by Voice.

Then select Voice Recognition Tutorial

step 2 Select desired tutorial program to run.

step 1 Press on the steering wheel. After the beep say, "Dial <number>." Say the phone number digits individually, without pausing (e.g. "Dial Three, one, zero, four…").

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

step 2 The system will ask you to verify the number.

step 3 Call will begin dialing.

step 4 Call is active when Talking... is indicated. To end call, press on the screen or on the steering wheel.

Some Bluetooth® equipped cell phones may or may not show battery or signal strength on the display.

Quick Tip – It is recommended that you reduce background noise prior to using the Voice Recognition system. Conversation, high fan speed, wind noise (open windows), etc., may prevent the voice recognition system from understanding your commands.

If you are able to successfully transfer your phone book, you can dial by name using voice recognition. Please say the name exactly as it is entered in your phone when in the telephone screen. If you have difficulty pairing your phone, or are unable to transfer your cell phone book, please refer to the cell phone manufacturer's user guide.

step 1 Press on the steering wheel. After the beep say, "Call <name>*." Please say the name exactly as it is entered in your phone.

*NOTE: When saying contact name, be sure to say it exactly as it is entered in your address book

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

step 2 Verify the contact name, and then dialing will begin.

step 3 Call is active when Talking... is indicated. To end call, press on the screen or on the steering wheel.

step 1 From the home screen, touch the map. followed by Dest.

step 2 Press Address and enter the desired State/ Province.

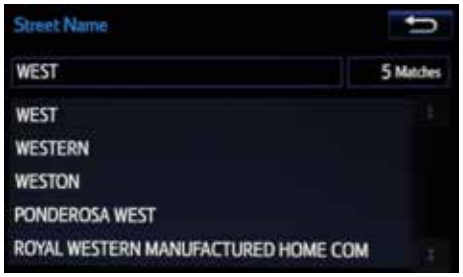
step 3 Touch City and move to step 4.

step 4 Input the city name.

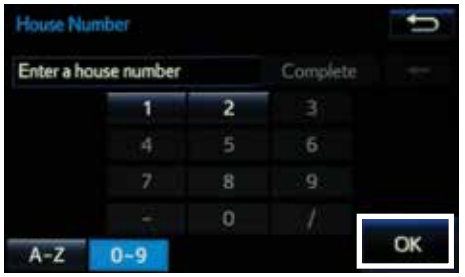
step 5 Touch the desired city name.

step 6 Input the street name and touch OK.

Quick Tip – Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.



step 7 Touch the desired street name.



step 8 Input the house number and touch OK.

step 9 Touch Go.

step 10 Touch 3 Routes followed by Info.

step 11 Select the desired Route. See page 15 for route selection.

step 12 Touch OK to start route guidance.

DESTINATION INPUT

NOTE ON VOICE RECOGNITION

The navigation system's voice recognition feature will compare your spoken words with computer–generated word patterns preprogrammed in the database. If the system does not provide your intended match, please try a different pronunciation. Voice–activation names are not available for every street and city.

TIPS FOR USING VOICE RECOGNITION

tip 1 Before using voice recognition, roll up all windows and set the climate control fan on low or off to reduce background noise in the cabin.

tip 2 Have the full and correct address in mind. The system will ask for the state, city, and street name followed by the house number as separate inputs.

tip 3 Streets should be spoken without prefixes or suffixes. Street names should be spoken as in these examples:
1st Street, say: "First"
E 15th Street, say" "Fifteenth"
190th Street, say "One hundred ninetieth"
Point Court, say "Point"

tip 4 Say a street address number as single digits. Examples:
125, say: *"One two five"*
2000, say: *"Two zero zero zero"*
32307, say: *"Three two three zero seven"*

tip 5 Speak at a normal volume and pace, and pronounce words clearly.

tip 6 The zip code is not needed.

BY ADDRESS-VOICE RECOGNITION

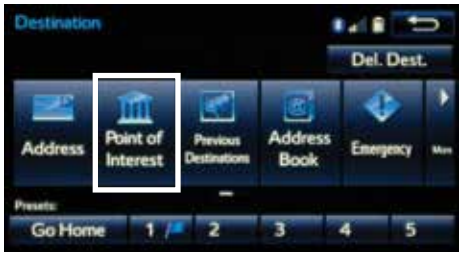
step 1 Press on the steering wheel. After the beep, enter an address or say the entire address in one action.

step 2 Verify, and then confirm the address after the beep, or touch Go.

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY NAME



step 1 From the home screen, touch the map. followed by Dest.. Press .

step 2 Touch Name

step 3 Input the POI name and if necessary touch OK.

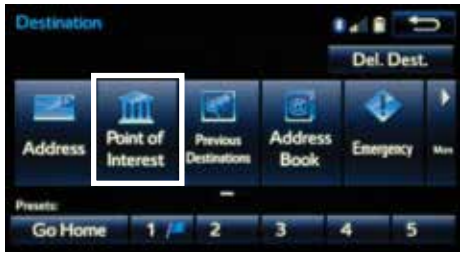
step 4 Use or or to scroll up or down. Touch the desired destination.

Quick Tip – If the POI isn't listed in the database verify the spelling and Search Area for accuracy.

step 5 Touch Go. See page 15 to select desired Route Preference.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY



step 1 From the home screen, touch the map. followed by Dest.. Press Point of Interest.

step 2 Touch Category followed by the category location and desired sub–category.

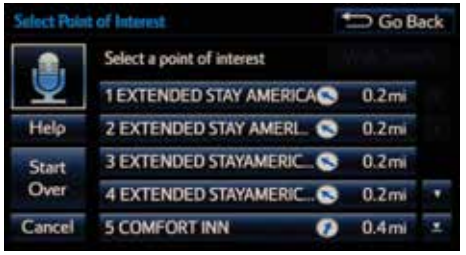
step 3 Scroll to select desired point of interest and touch Go. See page 19 to select desired Route Preference.

DESTINATION INPUT - POINT OF INTEREST (POI)

POINT OF INTEREST BY CATEGORY - VOICE RECOGNITION

Quick Tip –You can search for many dining, hotel and fuel chains by name, e.g., "Find Nearby Starbucks."

step 1 Press on the steering wheel. After the beep say, “Find Nearby <POI cat–egory>” (e.g., "Find Nearby Hotel.")



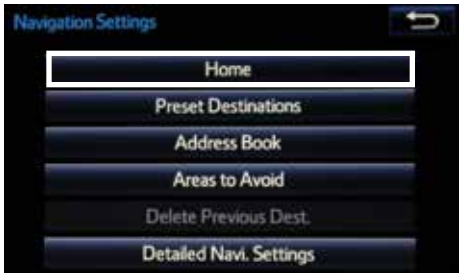
step 2 After the beep say, the number that corresponds to the desired destination.

Quick Tip – If you know your next command, you can press at any time to interrupt the prompt. Speak your command after the beep.

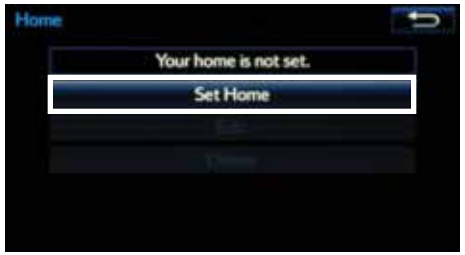
step 3 After the beep say, “Start guidance” or "Call them."

step 4 Start route guidance.

step 1 Press the Set Up icon on the faceplate followed by Navigation.

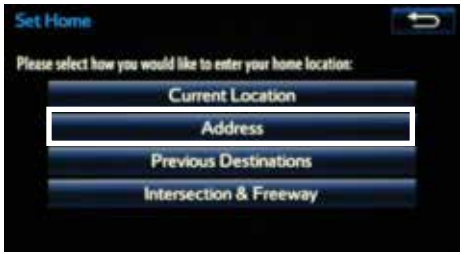


step 2 Touch Home.



step 3 Touch Set Home.

Tip – For security reasons, use a point close to your home instead of your actual home address.



step 4 Touch Address.

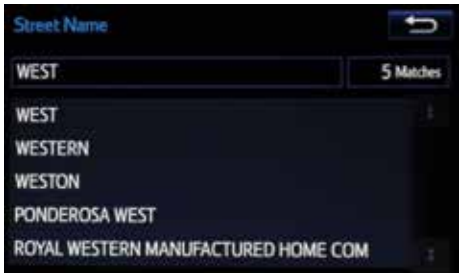
step 5 Touch City.

step 6 Input the city name.

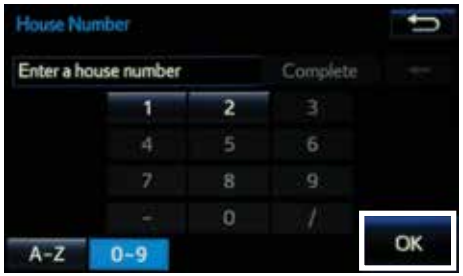
step 7 Touch the desired city name.

step 8 Input the street name and touch OK.

Quick Tip – Enter the street name without prefixes such as North or the letter N. The system will display the base street name without prefixes or suffixes on the next screen.



step 9 Touch the desired street name.

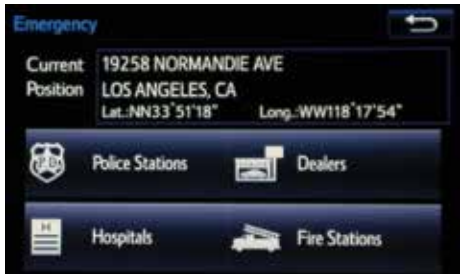


step 10 Input the house number and touch OK.

step 11 Confirm location and touch Enter.

step 12 Touch Edit followed by the desired icon for your home. Touch OK.

OPERATION OF EMERGENCY SCREEN



PRESS > Dest.

Touch the desired emergency category. If the vehicle is in motion, only nearby police stations, dealers, hospitals or fire stations are shown.

SEARCH AREA

Prior to inputting the desired address select the State/ Province by pressing Change State/Province. The system is only capable of searching for an address within one state or province at a time.

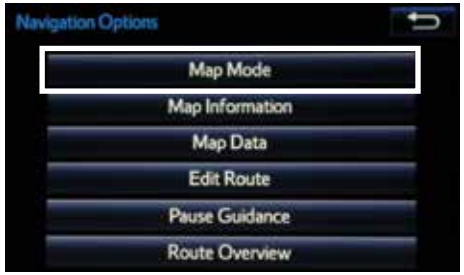
ROUTE PREFERENCES

Once the address has been inputted, select the desired route preference(s) for the trip. By selecting Info the system will display time, toll roads, ferry and freeway information.

3 ROUTES

One of three routes may be chosen for the trip:
Quick– is the easiest route, usually the fastest
Short– is the most direct based upon driven mileage
Alternate– is the second fastest route

SCREEN CONFIGURATIONS



SELECT NAVIGATION APP > Map Mode

Select what information to display with the map. Some selections are available during route guidance mode only.

BEEP SETTING

PRESS SET UP ICON **>** General

Check the Beep box on or off.

VOICE VOLUME

PRESS SET UP ICON **>** Voice

Adjust the Voice Guidance volume level.

LANGUAGE

PRESS SET UP ICON **>** General

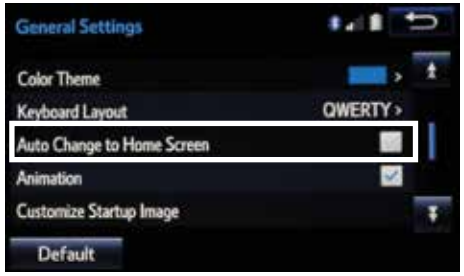
Select Language Preference: English, French or Spanish.

SYSTEM TIME

PRESS SET UP ICON **>** General

Adjust the Time Zone and Daylight Saving Time option.

AUTO CHANGE TO HOME SCREEN



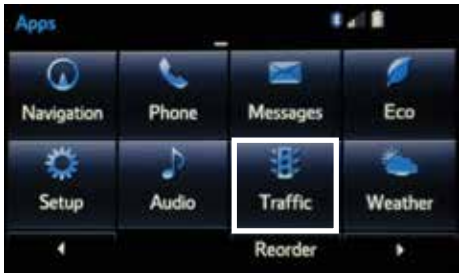
PRESS SET UP ICON **>** General **>**

Once the screen transition is unchecked (off), the audio screen will remain without reverting to the map display.

CACHÉ RADIO

The Caché Radio features a pause function that will record the last 20 minutes of live radio for playback later. This is only available for FM/AM radio.

NOTE: When the vehicle is turned off or the radio station is changed, any saved audio content will be lost.



The Traffic App integrates with your navigation system to display continuously updated traffic information for over 100 markets. Just begin by pressing the APPS button and selecting Traffic.

TRAFFIC EVENT LIST

To see local traffic events, touch Traffic Event List and you will see a list of events at your location. Touch On Current Route to see events along your current route.

PREDICTIVE TRAFFIC MAP

Predictive Traffic Map is a feature that displays traffic conditions for the current time based on historical trends at the location. To see a predictive traffic map, touch Predictive Traffic Map. The Predictive Traffic Map can be set to predict traffic conditions 15, 30 and 45 minutes from the current time.

Always drive safely, obey traffic laws & focus on the road while driving. Availability and accuracy of the information provided by HD services is dependent upon many factors. Services not available in every city or roadway. Use common sense when relying on information provided. MY TRAFFIC ROUTES

My Traffic Routes lets you store favorite and previously traveled routes to check traffic conditions. To see traffic routes, touch My Traffic Routes.

AUTOMATICALLY AVOID TRAFFIC

step 1 Press the Set Up icon on the faceplate followed by Traffic.

step 2 Select the ***Avoid Traffic*** option to switch from Manual to Automatic and press OK. The system will automatically select another route when moderate or heavy traffic is detected during route guidance.

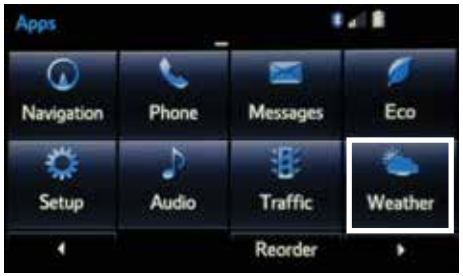
TRAFFIC INCIDENT WARNING

step 1 Press the Set Up icon on the faceplate followed by Traffic.

step 2 Select the ***Traffic Incident Warning*** option to receive voice notification of traffic events within 20 miles along the current route. Press OK.

WEATHER

The weather app allows you to access Doppler weather radar information. You can also check the weather forecast for other cities.



To begin, press the APPS button on the console, then touch Weather and choose your desired category.

Once you have selected which city, you can check the current weather as well as see forecasts for the next 3 days or next 6 hours, for whichever city you have chosen.

By selecting Weather Map you can check an HD Doppler radar weather map of your area. To move around the map touch and swipe to the desired location.

Always drive safely, obey traffic laws & focus on the road while driving. Availability and accuracy of the information provided by HD services is dependent upon many factors. Services not available in every city or roadway. Use common sense when relying on information provided.
