Maintenance Schedule

96,000 km - August 2029

Factory Recommended

- Service #3
- Brake Fluid Replacement
- Inspect Block Heater (if equipped)

104,000 km - February 2030

Factory Recommended

- Service #1

112,000 km - August 2030

Factory Recommended

- Service #2
- Inspect Block Heater (if equipped)

120,000 km - February 2031

Factory Recommended

- Service #1

Certain driving habits, and some specific climatic and regional operating conditions may necessitate additional Dealer Recommended Services to protect vehicle components from premature wear and ultimately to increase their longevity..

Additional parts and labour charges may be recommended based on results of vehicle inspection. Prices include all required fluids but exclude applicable taxes, environmental handling and disposal fees. Pricing subject to change without notice..

Maintenance Schedule

Service Details

Service #1

- Check installation of driver's floor mat.
- Inspect all lights and horn for proper operation.
- Inspect wiper blades, linkage and washers for proper operation. ¹
- Check and record tire tread depth. Examine tires for damage and uneven wear.
- Remove wheels & visually inspect brake pads, calipers, rotors, brake lines and hoses.
- Rotate tires (applicable to same size wheels, front & rear).
- Remove & inspect cabin air filter. ²
- Remove & inspect engine air filter. ³
- Inspect for leaks where applicable - engine oil, brake fluid, engine coolant, intercooler coolant, inverter coolant, power steering fluid, transmission/transaxle fluid, differential fluid, transfer case fluid, and top up windshield washer fluid.
- Visually inspect the Hybrid Battery Cooling Intake Filter (if equipped) & clean if required. ⁴
- Record inspection results, measurements and component condition on inspection form and/or repair order.
- Reset Maintenance Reminder Light or system.

Service Connect Verification (if equipped)

- Select 2020 model year and newer Toyota vehicles come equipped with Service Connect. Service Connect allows you to keep your Toyota in peak condition with Vehicle Health Reports, Warning Light Notifications and allows your Dealer to be aware of these notifications, all through the simple-to-use Toyota App. You can set or change your Preferred Dealer through the App. To manage the alerts and notifications relating to Service Connect, follow these steps: Download and sign into the Toyota App > Select your account icon in the top right-hand corner > Select Notification Settings > Select whether or not you would like push notifications or emails for warning light notifications or vehicle health reports.
